

COBALT BOATS

R8

Room for more of everything.

Step up to the next generation.

The R Series from Cobalt is the ultimate line of sport runabouts, designed with smooth, stylish lines to cast an aggressive stance in the water, and the nimble handling to perform, no matter the activity.

There's no better way to spend family time than on the water, and there's no better family boat on the water than the Cobalt R8, the newest of the R Series. But what really makes the R8 stand out is the added size. But we didn't just make it longer...we totally rethought and redesigned every aspect of the R8 resulting in a deeper cockpit and more freeboard, a roomy, expansive interior, with both bow and cockpit larger both fore to aft, giving extra comfort for passengers and plenty of room for their things.

The R8 also continues the Cobalt tradition of innovation, including the patent-pending E-Step – an optional electric version of the very popular swim step, which lowers, at the touch of a button, well below the water's surface for easy entry or exit. Either swim step version, manual or electric, functions as the perfect launching pad for water sports activity, or just a great place to hang out and chill.

These features and many more make the R8 truly THE next generation bowrider! Only from Cobalt!

Performance, luxury, comfort, innovation and room for more of everything...step up to the next generation R8...a little something for everyone.
